

Eclipse安装反编译插件JD-Eclipse

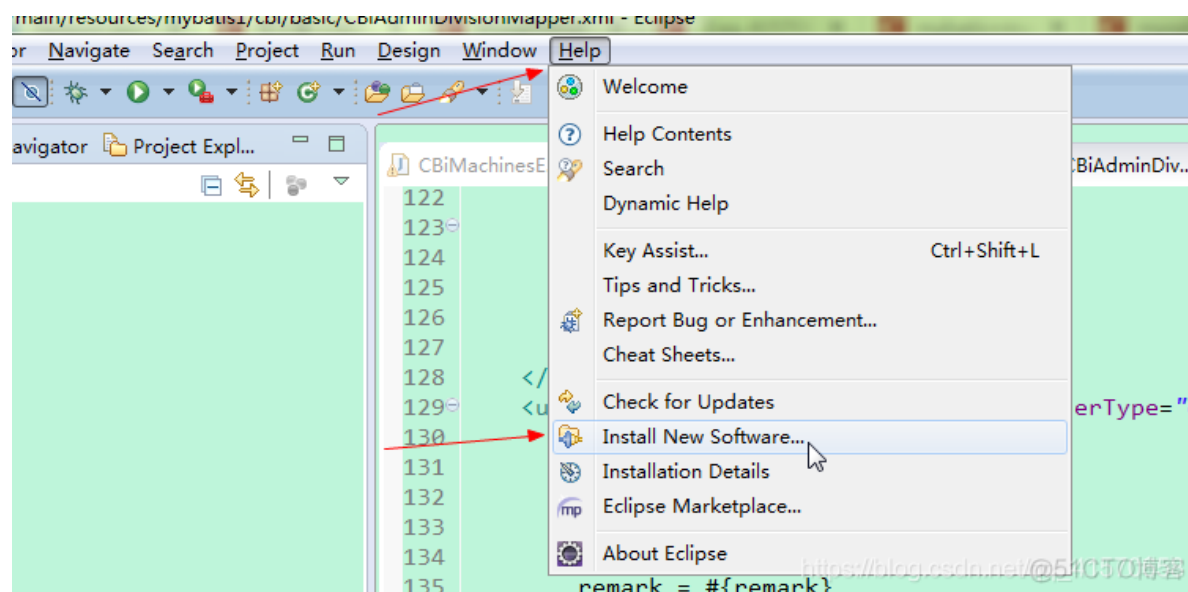

1、下载

进入JD官网 <http://jd.benow.ca/> , 下滑页面看到JD-Eclipse如下, 下载 Release jd-eclipse-site-1.0.0-RC2.zip

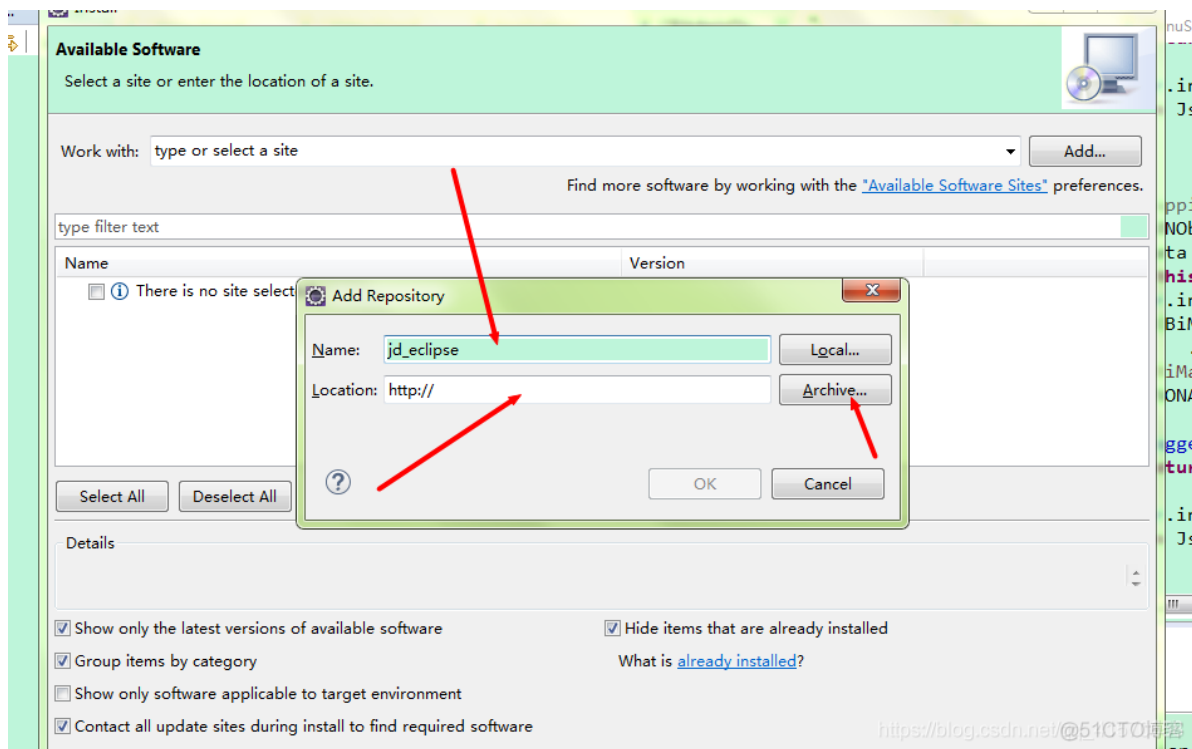

2、安装

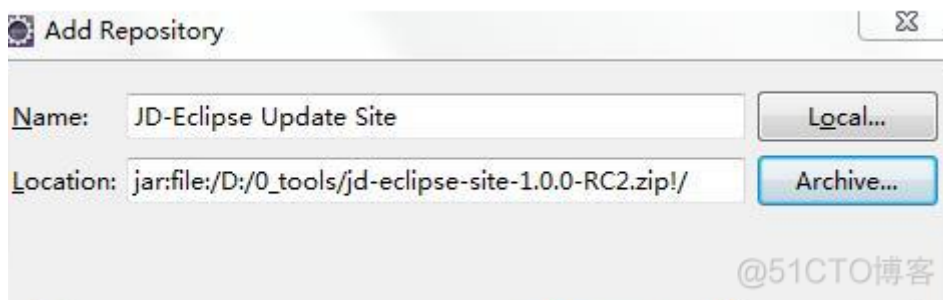

Eclipse菜单栏Help > Install New Software...

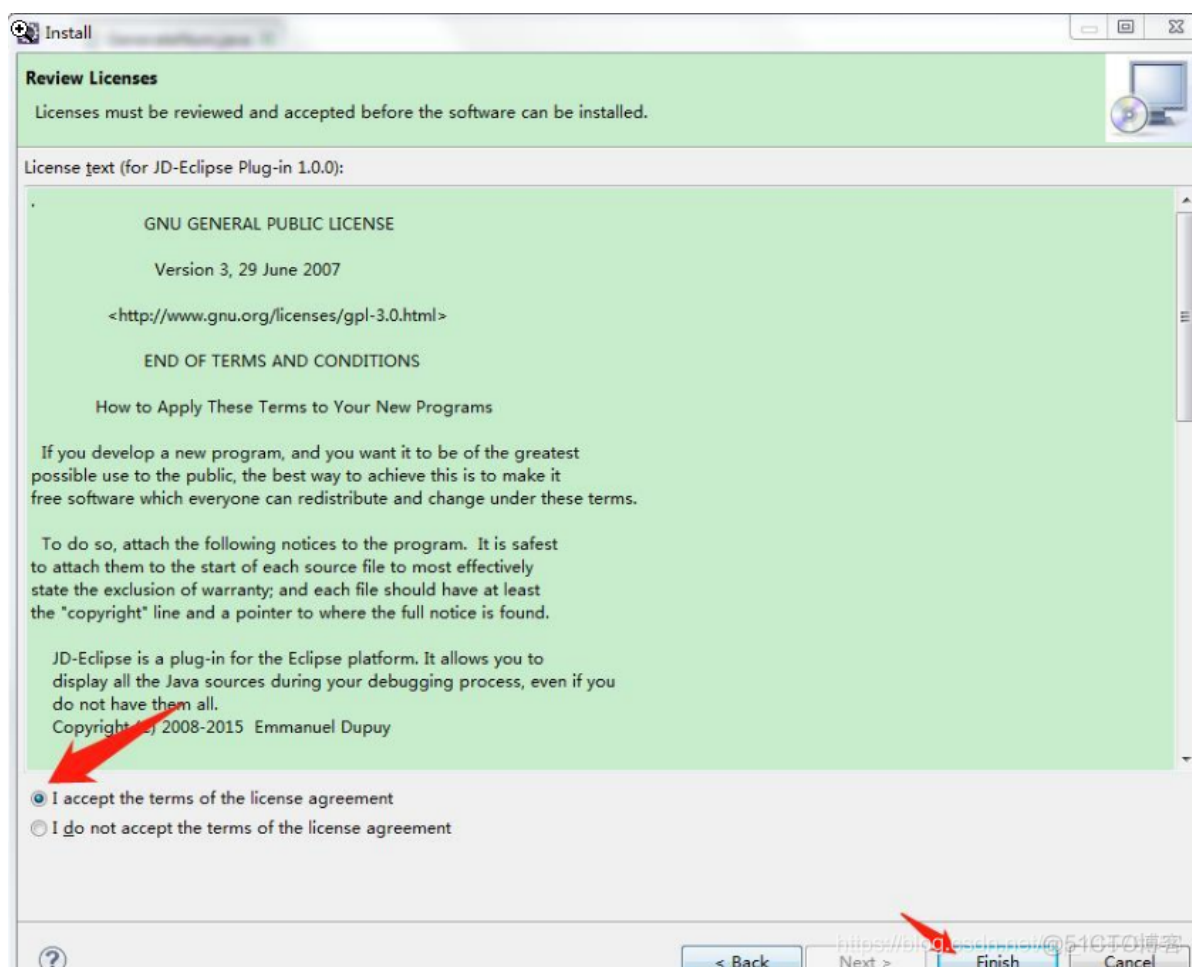

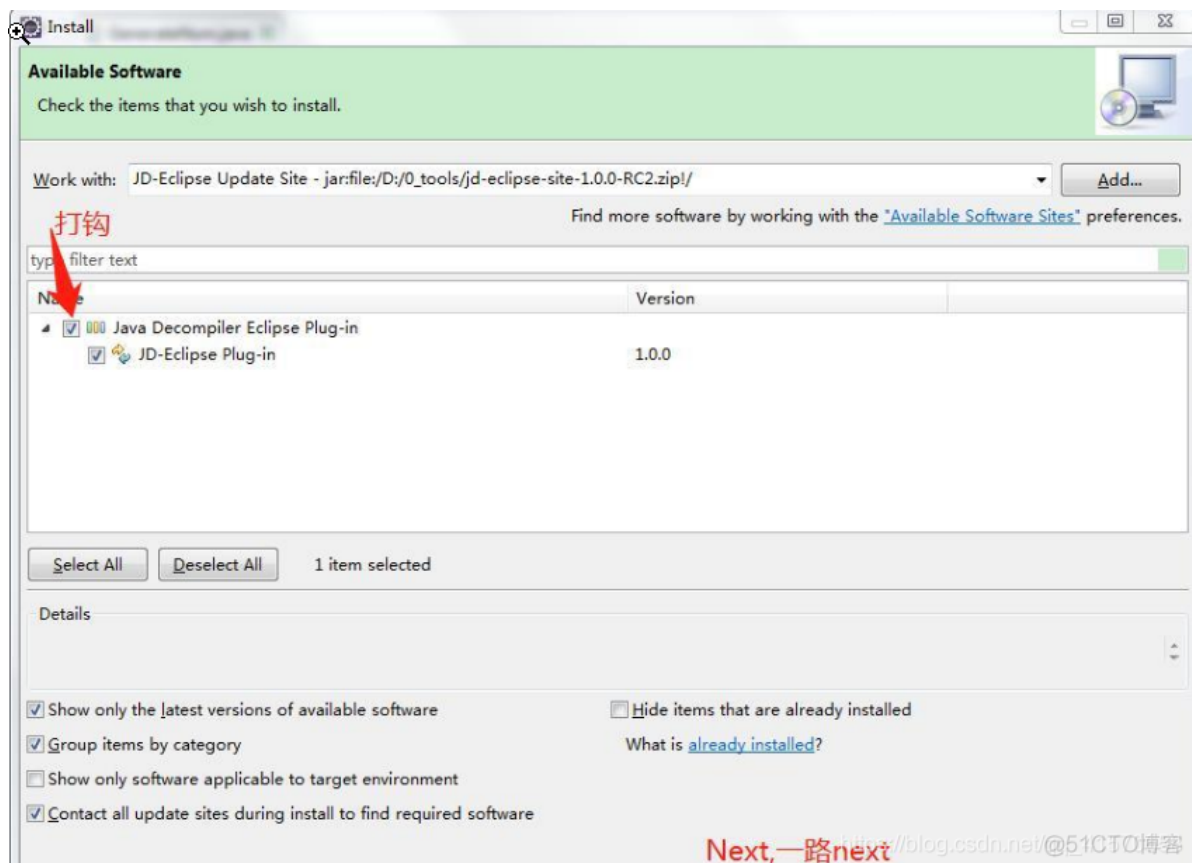

Name: 随意填写, Location: 选择刚才下载的jd-eclipse-site-1.0.0-RC2.zip文件路径

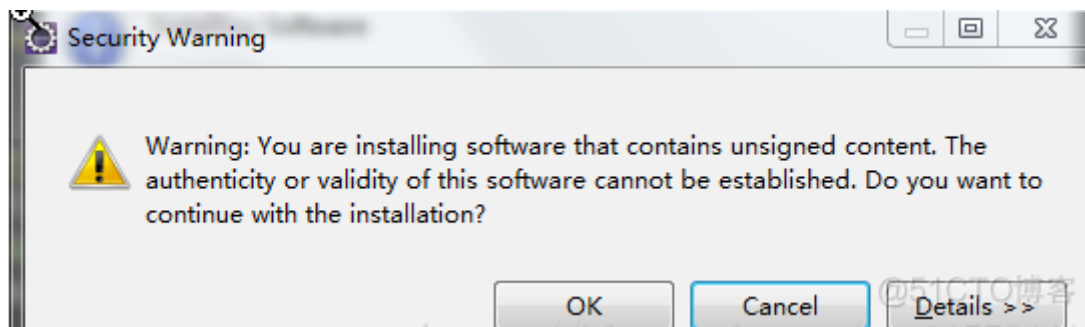

OK, 一路next

出现这个Warning，不用担心，OK即可。

安装完成，重启Eclipse，插件生效
